We are excited to present the BA Pumps & Sprayers Buyer's Guide, designed to make selecting your next sprayer, spreader, and spraying accessories as seamless as possible.

Dear Customer,

Established in 2008 BA Group Australia, trading as BA Pumps & Sprayers, have focused on delivering Australian farmers and horticulturalists the latest in agricultural spraying equipment and component technology from the world's market leaders. Between head office in Geelong, Victoria and the regional warehouse in Toowoomba, Queensland, BA carries one of the most extensive range of ag spray parts and equipment in Australia. This coupled with our "same day despatch" philosophy and access to multiple first class freight services guarantees quick and efficient delivery throughout the country. BA's dedicated team encompass years of experience in the ag spraying industry and pride themselves on delivering "second-to-none" product support and advice to both their nationwide dealer network and to the end user. We would like to thank you for choosing BA and trust that our product and service will surpass your expectations.

Yours sincerely,
BA Pumps & Sprayers Team

BA SERIES LIN AGRI-SPRAY 1150

The innovative LM Linkage Sprayer has been designed for a diverse range of spraying applications and built to be safer, faster, & stronger.

LM SERIES

85-140HP
HORSEPOWER

75LPM
PUMP FLOW 

8-12M
BOOM WIDTH

- 100% purpose-built from the ground up for Australian & New Zealand conditions
- Designed to meet – and often exceed – industry safety standards, with integrated chemical hopper and flush tank systems
- Engineered for strength, durability, and flexibility in demanding conditions
- Fully upgradable control system including ISOBUS option to integrate into the customers existing machinery.

LS SERIES

100-200HP
HORSEPOWER

126-170LPM
PUMP FLOW

12-16M
BOOM WIDTH

- All the proven features of the LS range – upsized for greater capacity and performance
- Larger tank capacity covers more hectares between refills, helping maximise productivity and save time

LK SERIES

140-250HP
HORSEPOWER

180-210LPM
PUMP FLOW

12-16M
BOOM WIDTH

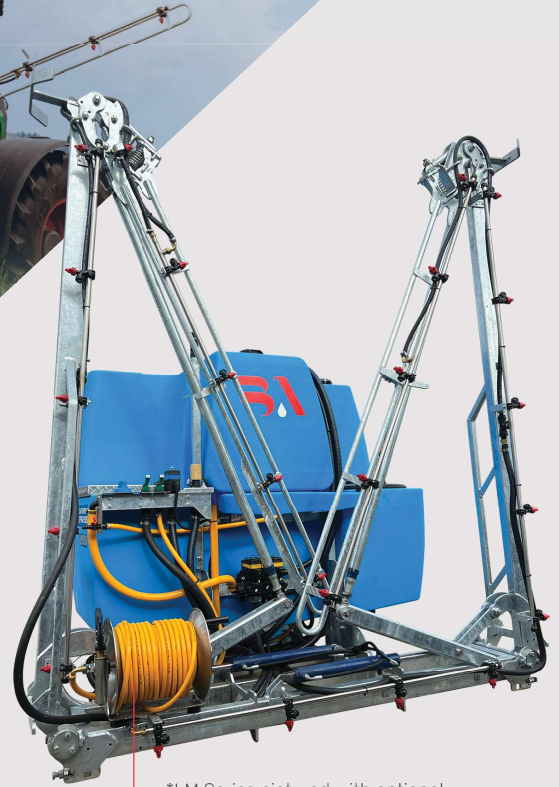

LM SERIES LINKAGE SPRAYERS

LM 1150 LINKAGE SPRAYER AND M BOOM

SETTING A NEW STANDARD!

The BA Pumps & Sprayers LM Linkage Sprayer is a shift towards a more efficient, safer, and productive spraying solution for farmers. This innovative product allows you to cover more ground with complete control from the tractor seat.

*LM Series pictured with optional 50M stainless steel hose reel

85-140HP
HORSEPOWER

75LPM
PUMP FLOW

8-12M
BOOM WIDTH

FEATURES

- 1150 Litre UV rated Polyethylene T-shaped tank
- Heavy duty hot dipped galvanised CAT1/2 frame
- Bertolini 75-Litre POLY Pump PTO Drive Diaphragm Pump
- Built-in 10L hand-wash tank and 60L flush tank
- Built-in induction hopper
- 12 Metre fully hydraulic M Boom
- Wing lift allows you to move the boom with the contour of the terrain
- Built-in breakaways ensure you can safely clear obstacles
- A smooth outer boom shape minimising fence hookups.

STANDOUT FEATURES

- Design Registered 3 in 1, 1150 Litre tank design: Integrates the chemical induction and flush tank into one mould giving excellent weight distribution allowing the farmer to carry more volume without compromising tractor stability.
- The LM's integrated chemical induction hopper is fitted as standard for safe and easy chemical loading.
- 3-Section In-Cab Electric Control: Enables pressure adjustment and section control on the move.
- Clearly labelled sprayer functions make the LM Series safe and simple to use.

CHOOSE YOUR MODEL LM 1150 LITRE LINKAGE SPRAYER WITH M BOOM:

PART NO:	DESCRIPTION:	TANK	BOOM	\$ INC. GST	CODE

M BOOM AND FACTORY FITTED OPTIONS

THE M BOOM ALLOWS YOU TO ADAPT TO ANY TERRAIN

The 12 Metre M Boom (patent pending) has been designed for superior operation and features independent full wing lift and fold using only 2 hydraulic tractor remotes. The exclusive hydraulic fold design gives the M Boom up to 30 degree wing tilt allowing it to adapt to any terrain.

- Skid plates for the rough jobs: Increased protection of the boom on tough terrain.
- The Ezi-Tilt wing lift function is ideal for spraying undulating and contouring country.
- Spring loaded breakaways prevent boom damage if struck.
- Long life and durable: Heavy duty, fully hot dip galvanised for maximum durability and corrosion resistance.
- Rounded boom ends: Minimises fence hook-ups and full nozzle protection.
- Low drift TeeJet AIXR Nozzles fitted as standard.

LS 1000 AND 1300 LINKAGE SPRAYERS

LS Series sprayers are available with 1000 or 1300 litre Slim-Line tanks, fitted standard with 10 litre hand wash, 105 litre Smart-Flush tanks and BAs exclusive Rota-Mix 30 Chemical Induction Hopper. Fitted with Bertolini liquid fert ready POLY pump and three section incab electric control. Fitted with the X-2 series full hydraulic fold boom with optional wing lift kit.

STANDARD FEATURES:

- ✓ LS heavy duty galvanised frame with CAT 2 mounts
- ✓ SMART FLUSH 105 litre flush tank
- ✓ 10 litre hand wash tank
- ✓ ROTA-MIX 30 Chemical Induction Hopper
- ✓ Bertolini POLY2136 126lpm 15Bar Liquid Fert Ready Diaphragm Pump
- ✓ 4 stage filtration for reduced nozzle blockages & component life
- ✓ 3 section incab electric control with electric pressure adjustment
- ✓ TeeJet 430 motorised ball valves
- ✓ Operator control station
- ✓ Drain/fill point with camlock
- ✓ Super X-2 hydraulic fold boom
- ✓ Super X-2 booms fitted standard with self-levelling centre section

BA PRO-SPREAD TRAILED CAUSMAG SPREADER

The BAF140 Causmag Spreader is primarily designed for the application of Causmag. The innovative hopper and aperture design enables the successful spreading of other products such as urea and grass seed, with its compact design and low spinner height.

STANDARD FEATURES:

- ✓ Galvanised frame and spinner disc for long life
- ✓ Polyethylene hopper and lid
- ✓ Spreader deflector shield to eliminate product buildup
- ✓ Grease filled gearbox
- ✓ Capacity BAF140: Two 40kg bags of urea or four 25kg bags of Causmag

BA PRO-SPREAD TRAILED FERTILISER SPREADER

The BAF225 and BAF425 Fertiliser Spreader is primarily designed for the application of Fertiliser. Its compact design and low spinner height offer excellent product distribution due to the dual outlet hopper discharge and curved spinner fins, making this spreader perfect for all farmers and lifestyle block owners.

STANDARD FEATURES:

- ✓ Galvanised frame for maximum corrosion resistance
- ✓ Stainless steel spinner disc with adjustable fins
- ✓ Polyethylene hopper and lid and spreader deflector shield
- ✓ Clutch with single lever spreader aperture opening and clutch drive engagement
- ✓ Grease filled gearbox
- ✓ Capacity BAF225-C: Four 40kg bags of urea
- ✓ Capacity BAF425-C: Eight 40kg bags of urea

BA DECKMOUNT SPRAYERS

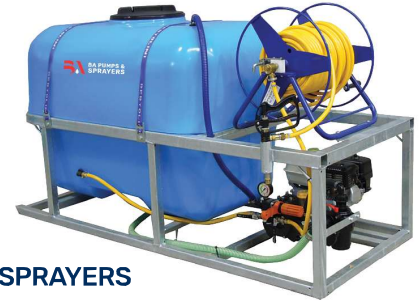

BA has designed a range of IN-LINE Traymount Sprayers to suit flat deck trays and the T Series Traymount Sprayer to suit wellside utilities. These are ideally suited to the farmer who needs to eliminate large brush weeds and doesn't want to tie up a tractor. Standard units are designed for gun spraying. Optional spray booms are available, or a custom design and build. BA Deckmount Sprayers are available in two models. The EZI-Deckmounts are an economic option ideal for the farmer and block owner. The MAXI-Deckmounts have been designed to contractor standards.

EZI - DECKMOUNT SPRAYERS

STANDARD FEATURES:

- ✓ Bertolini POLY Pump
- ✓ 30 mtr MAXI-Reel
- ✓ GX Series Honda Motor

MAXI- DECKMOUNT SPRAYERS

STANDARD FEATURES:

- ✓ Bertolini PA Series Pump
- ✓ 50 mtr MAXI-Reel
- ✓ GX Series Honda Motor

BA 650 LITRE DECKMOUNT WITH SINGLE OR TWIN REMOTE REELS

BA's 650 litre Deckmount Sprayer comes with either single or twin QuikSpray 12 volt remote retractable reels, each with 100 metres of hose, a GX Series HONDA driven PA series Bertolini diaphragm pump and two Spot300 Spray Guns.

BOOM SPRAYER

EASILY FIT ON **UTES TRUCKS**

BA 650 & 1150 LITRE UTE MOUNT BOOM SPRAYERS

650 or 1150 litre tanks and the heavy duty galvanised 6, 10 and 12 metre manual cross fold booms make moving from job to job quick and efficient. Combined with the Honda driven Bertolini Poly diaphragm pump and convenient electric incab control makes the unit ideal for city councils, contractors and farmers with multiple holdings.

STANDARD FEATURES:

- ✓ 650 or 1150 litre UV Rated polyethylene tank
- ✓ Hot dipped galvanised frame
- ✓ 3 section RD manual multicontrol valves
- ✓ 6, 10 or 12 metre manual X fold boom options
- ✓ 75 lpm Bertolini POLY2073 pump
- ✓ GX Series Honda engine

OPTIONAL UPGRADES:

- ✓ 30 metre EZI-Reel with Spot 300
- ✓ 3 section electrics or TeeJet 844E Auto Rate Controller
- ✓ Foam Marker or TeeJet Matrix GPS Guidance

THE CONTRACTOR 1150 & 1600 LITRE FULL HYDRAULIC UTE/TRUCK SPRAYER

BA's custom-built ute and truck sprayers are designed to suit the contractor or farmer who has long distances between spray jobs. Available in 1150 or 1600 litre, adjustable boom mounts to suit different vehicle tray lengths and a range of Bertolini pumps, spray booms and accessories.

STANDARD FEATURES:

- ✓ 1150 or 1600 litre UV Rated polyethylene tank
- ✓ Hot dipped galvanised frame
- ✓ Bertolini RD 3 Section electric control with incabswitch box
- ✓ 12 or 15 metre full hydraulic Mono-Glide boom
- ✓ 75 lpm Bertolini POLY2073 pump
- ✓ GX Series Honda engine - Recoil Start

OPTIONAL UPGRADES:

- ✓ 30 metre EZI-Reel with Spot 300
- ✓ 3 section electrics or TeeJet 845e Auto Rate Controller
- ✓ Foam Marker or TeeJet Matrix GPS Guidance
- ✓ Flush Tank
- ✓ Electric Start Honda

VINEYARD SPRAYER

The tangential heads of the BA Vineyard Sprayer provides excellent turbulence within the canopy (two row units) to maximise coverage. Each head is fitted with individual nozzles to enable full canopy or bunch line spraying. Features include: simplicity of spray head adjustment (nozzles on or off) and ease of application rate setup (12 presets) with the Arag Bravo Auto Rate Controller.

STANDARD FEATURES:

- ✓ 2200 and 3300L Polyethylene tanks.
- ✓ Galvanised framework.
- ✓ Available as 2 and 3-row models.
- ✓ Magnetic spring loaded drop arm breakaways.
- ✓ Hydraulic driven Bertolini Poly Pump.
- ✓ ARAG Bravo 350 Auto Rate control C/W with
- ✓ Electric/hydraulic switches.
- ✓ Electric-hydraulic folding arms and fan on/off.
- ✓ Tangential fan heads deliver precise air curtain.
- ✓ Oil cooler.
- ✓ Double roll-over nozzle bodies.
- ✓ Ceramic nozzles.
- ✓ Supermix agitation.
- ✓ Flush tank.

BAVC650-2T

- 1** 9 Double Roll-Over nozzle bodies.
- 2** Easy access tank drain and bottom fill.
- 3** Laser-cut alignment holes ensures the tangential heads can be locked at the correct spraying angle.
- 4** Double beam for improved mast strength. Rollers ensure heads are easily adjustable for different row widths. Optional hydraulic row width adjustment kit is now available.
- 5** TeeJet® section valves and flow meter
- 6** Bertolini main on/off and electric pressure regulator valve.
- 7** Wider profile tyres ensure less ground compaction and improved stability.
- 8** In travel mode the electric over hydraulic system allows the arms to be folded independently and tangential fans to be turned on or off.
- 9** 4 bearing tangential fans.
- 10** Optional 3PTL mounted swivel drawbar.

ABOUT THE VS3000, 3-ROW VINE SPRAYER

The ALL NEW BAVS3000 is a, three-row vine sprayer engineered for higher productivity and precise coverage. Its 3000L capacity, updated fan assembly, and FEA-verified chassis deliver reliable performance in demanding Australian & New Zealand conditions.

Engineered for real-world vineyard demands, the VS3000 offers quick adjustments, intuitive controls and stable operation through tight headlands, varied row widths, and long spray days. Purpose-built and field-tested, it sets a new benchmark for multi-row spraying – more accuracy, more reliability, and the durability growers expect.

FULL 90° BREAKAWAYS

HYDRAULIC ROW ADJUSTMENT (2.4–3 Metres)

3-POINT HITCH

HYDRAULICALLY DRIVEN DIAPHRAGM PUMP

- Low Horsepower requirement, for maximum diesel efficiency
- Whisper quiet fans for minimal disturbance of surrounding areas.
- Easy to maintain, with centralised greasing point.
- Extended component life due to stainless steel protective guards.
- Full Hydraulic drive, negating the need for dangerous PTO Shafts.
- Easy setup with colour coded Hydraulic row width adjustment

Since 2010, we've been working with Collard to offer world-leading defoliating, vine trimming, and Pre-Pruning equipment to vineyards across Australia & New Zealand.

COLLARD

DEFOLIATORS

From Flowering to Harvest

Leaf and flower cap removal can be achieved by using a Collard Ellipse Defoliator. It's multi rotors, which feature the Collard patented double-flow where low-pressure air, produced by a booster, is blown through the leaves at fruit zone level by rotating nozzles. The rotating nozzles create a pulsed air that removes the leaves from both the outside and inside of the canopy row, achieving selective leaf removal around the grapes.

Only this technology makes it possible to remove leaves from the falling of flower heads to harvest.

THE KEY ADVANTAGES OF THE COLLARD PULSED AIR SYSTEM ARE:

- ✓ Better aeration of the fruit zone.
- ✓ Lower levels of acid rot and botrytis attack.
- ✓ Better penetration of spray treatments.
- ✓ Leaf removal beforehand harvesting offers potential time savings of up to 30%!

COLLARD

TRIMMERS

Demand the Best

Collard Vine Trimmers are built for the toughest conditions with good design and durable componentry.

The company ethos coupled with flexible design, ease of operation and long term reliability allows us to deliver the right machine for your vineyard.

KEY FEATURES

- ✓ Stainless steel blades for clean cut and minimal trash on tractor.
- ✓ Fully enclosed belt drive system stays clean for long life.
- ✓ Patented Profilmatic alloy board – Guaranteed for life.
- ✓ Heavy duty long life bearings.
- ✓ Joystick control of trimmer, optional GEN 11 control.
- ✓ Individual in/out row width adjustment plus optional synchronised mode.
- ✓ Individual height plus optional synchronised mode.
- ✓ Hydraulic system matched to provide unequalled cutting power.
- ✓ Check valves to ensure hydraulic cylinders don't seep.
- ✓ Optional flail blades for pruning.

PRE-PRUNERS

Built to Perform

Vineyard Pre-Pruners can reduce employee fatigue and injury by eliminating the need for manual pruning and pulling of canes on the top 1, 2, or 3 wires.

The Collard Pre-Pruner is designed to work at height so we can work with you to define the vertical height required to your needs.

Built with safety in mind Collard Pre-Pruners are equipped with a spring-loaded system in case of impact with a post, ensuring the machine and your vines are protected.

KEY FEATURES

- ✓ Equipped with a robust frame with two 16cc hydraulic motors.
- ✓ Three hydraulic functions, up/down, in/out & cross slope.
- ✓ Complete electric controls distributor. with joystick. Modular cutting height up to 825mm. 80 or 110mm blade spacings.
- ✓ Blade and notched discs for efficient clean cuts and trellis post protection.
- ✓ Manual folding system (AVR model) by articulation in front of the tractor, for safe road transport.
- ✓ Three operating modes to open and close the head of the Pre-Pruner.

PAYMENT

Payment is due on the 30th day of the month following the date of purchase. Payment by the 30th will ensure full trade discount as indicated on the invoice. Cheques are accepted subject to collection and with full rights of recourse. Interest on overdue accounts will be charged at a rate of 2.5% per month. On default of payment the purchaser shall be liable for all costs of recovering the debt.

- a. That under the terms of the Privacy Act (1 July 1993) you authorise any person or company to provide us with such information as we may require in response to our credit enquiries. That you authorise us to furnish to any third party, details of this application and any subsequent dealings that you may have with us as a result of this application being actioned by us.

WARRANTY

BA Group Australia (hereinafter referred to as BA) warrants to the original purchaser that the equipment bearing the reference numbers noted as sold free from defects in materials, mechanical parts and workmanship. Accordingly, BA undertake to repair or replace without cost to such original purchaser either for material, parts or labour, any part which within the specified warranty period from time of delivery is found to be defective; PROVIDED that the equipment has been used for normal purposes only in accordance with the instructions, and has not been subject to neglect, misuse or accident and has not been repaired, serviced or dismantled by any person other than a service agent or person authorised by BA. This warranty does not extend to cover repair or replacement of moving or rubber parts due to normal fair wear and tear arising from use. WARRANTY GOODS ARE TO BE RETURNED TO BA WITH FREIGHT PAID BY SENDER BOTH WAYS.

MAXIMUM LIABILITY

The maximum liability accepted by BA is limited to replacement of faulty goods only. In the manufacture of our goods every care has been taken but as the use of the goods is outside the control of the manufacturer, the end user assumes all responsibility for the use of the goods and neither the manufacturer nor any distributor or retailer shall be liable for any loss, damage or down time resulting in use. Any advice or recommendation given by us or our staff is given in good faith and based on best information available to us but neither we nor our staff accept liability arising there from following that advice.

DELIVERY OF GOODS

Delivery shall be deemed complete when BA gives possession of any goods to a carrier for delivery to the purchaser. BA shall not be liable for damage or loss whatsoever arising from any failure to deliver or delay of the in delivery of the goods caused by an event beyond our control. The purchaser should notify BA IMMEDIATELY regarding any claims for damages in transit.

RETENTION OF OWNERSHIP

- a. Notwithstanding delivery to the purchaser of any goods the subject hereof ownership and title thereto shall at all times and under all circumstances remain vested in BA until the whole of the purchase price of such goods shall have been paid to BA in full. Receipt by BA of any cheque or other bill of exchange or any promissory note shall not be deemed to be payment or conditional payment until the same has been honoured or cleared and until such time shall not prejudice or affect BA rights, powers or remedies against the purchaser and/or the goods.
- b. Subject always to any agreement to the contrary, in the event that the purchase price for the goods shall not have been paid to BA within a period of two months from the date of delivery or possession to the purchaser or in the event of the purchaser having not paid the purchase price to BA in full and becoming bankrupt (or if a Company having a receiver appointed of its assets or giving into liquidation) then in addition to any other remedies to which BA may at law or in equity repossess any such goods. Upon any such repossession BA shall immediately take such steps to dispose of such goods by private sale or auction and shall

apply the proceeds of such sale, first in payment to itself of any balance of the original purchase price outstanding, secondly in payment of the costs of the repossession and sale, and thirdly in respect of any balance to the benefit of the purchaser.

- c. For the purpose of repossession the purchaser hereby irrevocably gives BA by its servants and duly authorised agents leave and licence without the necessity of giving any notice to enter on and into any premises where the goods are situated or stored and to remove the same there from and BA shall not be liable for any damages arising out of any such entry and damage arising out of an in respect of any such repossession or sale. In the event that the purchaser is not purchasing the goods for the purchaser's own use or consumption then until payment in full of the purchase price and all outstanding indebtedness has been made, the purchaser acknowledges and agrees as follows:
 - i. That the goods supplied are held by the purchaser as bail to be sold by it as agent for and on behalf of BA.
 - ii. That the purchaser shall if directed by BA store the goods supplied in such a way that it is clear that they are the property of BA in particular being stored and maintained in as-new condition.
- e. If any of the goods sold pursuant to these conditions are incorporated in other goods before payment is made to BA the property in the whole of such goods shall be and remain with BA until payment has been made and all the rights of BA hereunder in the original goods shall extend to other goods.

SALE BY THE PURCHASER

Until such time as the purchaser shall have paid the purchase for the goods to BA in full, the purchaser shall not under any circumstances sell or otherwise dispose of the goods without the consent in writing of BA first had and obtained. In the event that the purchaser shall in contravention of this clause on sell the goods prior to making payment to BA of the purchase price in full then BA shall be entitled both in law and in equity to a first charge over any proceeds of the sale of the goods by the purchaser.

RISK

The risk in the goods supplied by BA to the purchaser shall pass to the purchaser upon delivery as defined herein.

GOODS RETURN POLICY

Our Goods Return policy is as follows:

1. A Return Authority Number (RA#) must be obtained from our office prior to goods being returned, call (03) 52789033 or email sales@bagrouppaustralia.com.au to obtain a RA#. All goods being returned must quote the supplied RA# with supporting paperwork.

Goods returned to BA Group Australia will be at the cost of the sender unless prior arrangements have been made with a BA Group representative.

Good's will NOT be accepted for credit unless returned within 21 days of delivery.

Good's must be returned in their original packaging and in a saleable condition. There must be no dirty grease marks, transport damage, packing tape damage or no writing on the items original box. Please pack goods to be returned using a similar method to that used when goods were despatched to you. Goods must include all instructions and a copy of the original paperwork supplied.

Goods ordered incorrectly by the customer may be returned only with permission from a BA Group representative and must abide by the policy, a 20% restocking fee will be incurred. All non-stock items that are ordered in on special request are non-returnable.

The issue of a Return Authorisation Number (RA#) or receipt of goods into our warehouse should not be considered as being approval for credit.
